

## Innovation intensity by European comparison in 2016 as percentages

Innovation intensity: innovation expenditure by companies as a percentage of their total turnover.

<sup>1)</sup> Research-intensive industry: divisions 19-22, 25-30 of WZ classification. Since data are not available for all sectors in all countries, the definition of research-intensive industries used in the European comparison differs from the definition normally used by the EFI.

<sup>2)</sup> Knowledge-intensive services excluding financial services: divisions 58-63, 71-73 of WZ classification. Since data are not available for all sectors in all countries, the definition of knowledge-intensive services used in the European comparison differs from the definition normally used by the EFI.

<sup>3)</sup> All sectors: divisions 5-39, 46, 49-53, 58-66, 71-73 of WZ classification.
