

**Share of CRISPR/Cas patent families filed in at least three jurisdictions in the fields of health and medicine as well as technical improvements for selected countries and regions 1999–2018**

The representation considers countries with a total of at least five patent families in the fields of health and medicine as well as technical improvements. The patent families from the fields of health and medicine as well as technical improvements are summarized in this representation. Large CRISPR/Cas patent families are those that are filed in at least three jurisdictions.
